EXPERIENCE

APPLICATION DEVELOPER / FRONT END DEV OPS
[National Football League](#) / Los Angeles, CA
Jan 2014 - Present

Architect and core developer of NFL Now.

Created and maintained developer tools to organize and streamline development and deployment processes.

SENIOR FRONT END DEVELOPER
[RED Interactive](#) / Los Angeles, CA
2010 - 2013

Helped to found and grow RED's HTML team.

Created and maintained developer tools to organize and streamline development and deployment processes.

SOFTWARE ARCHITECT
[Schematic](#) / Los Angeles, CA
2008-2010

SENIOR SOFTWARE DEVELOPER
[Schematic](#) / Los Angeles, CA
2007-2008

Maintained a key role in Schematic's evolving client-side strategies

Lead client-side developer in several high-profile website launches, including Logitech, South Park Studios, Clear and Schematic.com

LEAD TECHNICAL DESIGNER
[1105 Media](#) / Chatsworth, CA
2005 - 2007

Transitioned 1105 Media in a shift towards web standards adoption and developed W3C compliant and accessible websites, newsletters, banner advertisements and internal administrative web applications.

Developed a gracefully degradable, reusable & standardized DOM library. Transitioned the web department to a modular CSS conversion.

GRAPHIC & WEB DESIGNER
[3N](#) / Glendale, CA
2004 - 2005

Developed advertisement campaigns and created numerous collateral pieces. Built and maintained various internal projects including a corporate intranet.

Designed and developed 3nonline.com, transitioning it from table-based to standards-compliant markup.

FREELANCER
Los Angeles, CA
2002-2004
